

THE NEW D.C. ROLLER

**Clean your transfer
cylinder covers quickly
and easily without
using any harsh
chemicals or rags!**

The D.C. (Dry Clean) Roller removes dried ink, coatings, and other debris from Transfer Cylinder Covers eliminating the use of any harsh chemicals or abrasive scrubbing. This provides for longer life of the Transfer Cylinder Covers while allowing the pressman to resume operation of the press in less time.

- Environmentally Friendly
- Reduced Down Time
- Less Waste & More Profit
